

# ITAC Graduation projects Program **2011**

**ITIDA** will finance graduation projects selected by the steering committee of University/Industry Collaboration Initiative. **The financial support can be up to LE 10,000 for one year.** The financial support should not cover neither basic measuring apparatus and devices such as oscilloscopes, meters, logic analyzers,..etc, nor computers and peripherals such as printers and screens. Such equipment should be provided by the educational institute. On the other hand, the financial support may be used to buy electronic components, special parts, software packages, modems ...etc.

**22 Graduation projects have been financed in the student year 2005/2006.**

**56 Graduation projects have been financed in the student year 2006/2007.**

**53 Graduation Projects have been financed in the student year 2007/2008.**

**130 Graduation Projects have been financed in the student year 2008/2009.**

**131 Graduation Projects have been financed in the student year 2009/2010.**

## Time Line

**Submission starts**      **Oct 1<sup>st</sup> 2010**

**Submission deadline** **Jan31<sup>st</sup> 2011**

Are you an at the final year student in Engineering or Computer Science?

**ITIDA/ITAC** invites you to apply for our 2009 graduation project Program. **We** accept proposals from Egyptian educational institutes such as Faculties of Engineering and faculties of Computer Science and Information Technology. The selected projects should address the IT areas and match a need of the **IT** Industry and Market. Project proposals which insure collaboration between an educational institute and an **IT** company will be given a preference in the selection for support.

### Who is a qualified candidate?

1. 4<sup>th</sup> year student in Engineering or Computer Science.
2. Top ranking students with grade not less than good.

### How to Apply:

If interested, please submit your proposal on [itac@itida.gov.eg](mailto:itac@itida.gov.eg) no later than 31<sup>st</sup> January 2011 . Steering Committee members evaluate proposals and select those addressing innovative ideas.

**Do not miss the chance. . .  
Apply today**
